

Simone Bedard          April 10,1972

1:15 - 3:00

1.      Cecile Frackleton
2.      Cecile Mondoux
3.      140 Lang St.
4.      679-5556
5.      Bar Steward Legion
6.      I was born in Timmins
7.      My father was born in Sudbury and my mother in Renfrew
8.      Married
9.      42 years old

10.    My impression of Cobalt now is poor. I'm against our schools leaving our town when we have the facilities here. I don't want to see grade 13 taken from Cobalt High School it if goes this will mean that we will lose our High School.

I would rather not have my children on buses, they cannot participate in any after school activities as the bus will not wait for them.

Economic situation is very grim, what we need is a secondary industry and not a park. Job opportunities there aren't very many jobs. There's a certain amount of --government training but not much, as far the wages are concerned when the mines are in operation the wages are quite good.

Private enterprise, there's not much opportunities for it right now with the present economic situation.

We have a fair recreation program in Cobalt, but what we need is a softball for young boys.

11.    The    only    changes in Cobalt is more work, we're sure in need of it.
12.    The    only    changes that I can see is that we lost two major clothing stores when TBS & Sam Buckovetsky's left and this leaves us to pay high prices or shop elsewhere.
13.    I would like to see the town get better.
14.    With a Mayor & Council that are go getters.
