

1. Denis Anderson
- 2.
- 3.
4. 89 Nickel St., Apt. 3, Cobalt
5. 679-8459
6. 30
7. Haileybury Hospital
7. Mother, Cobalt, Dad, Sweden
8. They were married in Cobalt 1939
9. 1941. I was born
- 10.
11. 13 of us. I was the first born
14. Electricians helper
15. Dept Store in Newfoundland
16. Construction worker unemployed now
17. waitress, part-time
- 19.
20. too young
21. Quite a few mines going
22. 12 hours.
23. \$120. per week
24. Frame 4 room house near skating rink
25. Remember toys
26. taps in house
27. Hydro
28. Rangette
29. heated by coal stove
30. Stadelman Building, Sam Buckovetsky, Phil Cain, Phil Cain, Dominion, John Aimonis, Silverland pool room. Irwins Grocery, Tommy Black, Damianis, Shaw's Drug store
31. Show
32. played hockey in summer 33. Theresa School, Cobalt High School
34. 10 years
35. bus, cars, trains
36. Dr. Dunning
37. Good at Haileybury
38. Haileybury Hospital
- 41.
- 42.
- 43.
44. My dad wasn't a miner
45. jeans, sweater
46. shirt, tie, suit, to go to Church in we had to put on our old clothes when we came home from Church
47. morning Church - changed clothes, to play with the kids.
48. old pictures

49. Good town to live in
50. Because I lived here all my life.
51. Few changes, old Stadelman building was falling over. They tore it down and made a park there. Sidewalks improved back streets paved. New schools
52. Didn't like the parking meters, the town was too small for meters.
53. no.
54. Yes
56. would like to see the mines operating again. Would like to see more jobs made available for men. More explorations. We need a smelter to refine our own silver.
57. summer
58. Go out weekends to Tavern, play cards
59. Electrical work, reading
50. More jobs made available locally
61. Tourists
62. Swimming at Bass Lake, fishing, museum, mining tours, rock cuts full of ice

#### Highlights

Denis Anderson says he follows construction or mining contractors. There is nothing to hold me here with no job.

If there was more money for exploration and the price of silver would go up we'd have all the jobs we need,
