52. O.N.R. long distance should have been left here and northern telephone, mines closing smelter closing, leaving me unemployed, too much unemployment
53. no.
- 54.
55. yes
56. would like to see some industry come in - to employ the unemployed which there are plenty of in town. There were 3 men from around Ottawa running the company_ They make tungston alloys. They came to the smelter 3 times and were interested in the smelter. If they had a little push and help the people that use their materials may come here too. We have lots of raw material here the price of silver has to go up.
57. Summer and fall
58. Hockey games, shows and TV
59. Collecting rocks and coins
60. It has been proven you can't rely on the mines. It has to have a secondary industry. We should do like Sudbury is doing now. Go after the government to bring in an industry. Some 150 stationary jobs would solve the problem.
61. Tourists there is something for everybody.
62. Lakes, fishing, mine tours, museum, unique scenery, rock collecting, open cuts Good beaches for swimming and winter sports.

Highlights:

Donald is very quiet and spends most of his time at home with his family. He goes to the odd bingo but that's about it.
