My husband and I came to Haileybury in 1908 before coming here my husband was mill hand where he made fancy trims, stairs, pedistals, flooring etc. and some of his work is in King Edward Hotel in Toronto. He then came up here to prospect for himself such places as Gashota Temagami Ott & Eby Township and sold most properties. When we came my husband's father had an acre of land Browning St. and they cleared it and sold stove wood of this. Then we built a log home with 2 bedrooms upstairs living room, kitchen and summer kitchen this was very warm and snug. Later we covered it with shiplap on outside. We also homesteaded a farm in Lorraine Township near Martineau Bay a Mr. Cook stayed on farm and looked after it for us. We sent our vegetables to Toronto Exhibition each year while we faimed a box car was loaded at station by different people. We won quite a few prizes especially for cabbage, cauliflowers and potatoes. He was also Reeve of Township of Bucke[illegible]ound time of 1922 fire. We never lived in North Cobalt but his father Mr. George Adair did at one time c[illegible]When we came first to Haileybury Fred Sullivan had a store grocery where Legion is now.
