

Carmen Stubinski May 30,1972 1/2 hour

1. Jack Mathews, Mayor of Cobalt

Pyrite Street, Cobalt,Ontario. 679-8143

He was born in 1918 in Orillia. Educated in Orillia. Served with the RCAF 1940-45 He came to Cobalt 1950. They have a family of six children. He served in the Cobalt Council for 4 years. Has been Mayor of Cobalt for 5 years.

Realizing for which the silver mining industry for which Cobalt is famous world over, will never increase greatly, because of the supply of silver as by products from some of the largest mining companies in the world. It has become clear something must be done not only to preserve, traditions and history of this historic mining camp and also to promote the tourist industry that would provide additional income and make our community more economically viable. My pet programmes have been the Restoration programme and complex. I am very optimistic as to its outcome.

1. When the restoration grant came through for Cobalt. Mr. Mathews could program.

2. Since becoming Mayor of Cobalt he has worked very hard for the town of Cobalt. Cleaning it up and beautifying the town, getting grants as soon as they were available.

3. In the same 100 interviews which I have done, the town people think and speak very highly of Mr. Mathews, and what he has done for the town of Cobalt.
