Joe and Vi were married in Englehart in 1946. Came to Cobalt and lived in the Fraser Hotel for 5 years. Then they bought their home on Cobalt St. and have lived there ever since 1952.

The Grazelle home was on Meridian Ave, Haileybury. We had a water tap in our kitchen - but no sink. We had. an outdoor, chambers under the beds. We had a beautiful large Findlay Cook Stove. We had a round Quebec heater in our front room. The stove pipe went through my bedroom. This is how the upstairs was heated. Mother used flat irons, which were always on the stove.

Don't ever recall her ever having an electric iron. Mother died in 1932. In 1930 I remember dad getting mother a copper electric washing machine. It used the spin the clothes dry.

36., Dr. Jackson took a cyst off my lip when I was 5 years old.

38. Stephen was born in the Haileybury Hospital

39. Stevie quit school in Grade 10. He and Peter Larabie played guitars.

They formed a band. When they first started out they called themselves the

"Visions" later the "Hestilationss, Danny McNeil was the drummer. The band reformed after Danny left. Stevie took over the drums. Now they call themselves "Every Mothers Mistake. Now they are a popular band. I always like Cobalt there is no divide. That was the main reason for coming here to live.

48. I am a hoarder. I've got lots of things I went to St. Mary's Academy as a youngster took commercial in grades 9 and 10

51. Cleaned up a lot. There is not the shops like there used to be. The Stadleman block nearly falling over was torn down and a park made.

52. I don't like the mail system its terrible. It took 3 days to get a letter from North Bay. The Express service is terrible. They took our express offices away and many other businesses. This doesn't really seem fair.

53. I like Cobalt

55. Yes

56. More secondary industry of some sort to keep our young people home and in the area.

57. Early spring, early fall

59. Cross word puzzles, music

60. more secondary industry

61. tourists

62. Museum, mines, mine tours, sight seeing, beautiful scenery, Cobalt's hospitality.

1. We need more Doctors, dentists and lawyers in Cobalt

2. Mr. & Mrs J. Mallick - never go out.
