electrician

born - New Liskeard, Ontario

father born - Earlton, Ontario

single

aged 21 years

Education he feels that he has had sufficient education opportunities here, he attended Fantima High School in Haileybury for a short time and then switched to the Tech. course in New Liskeard High School, says that if he wants to further his education in the electrical field he might have to go away to school for awhile.

Jobs: he says he has never had trouble getting a job, he worked part time at Mikes for four years, he does wiring etc, seems to be a very busy young man.

Recreation he seems to be happy with the number of things there are to do although he did say he was busy working a lot of the time and liked things to do on the weekend. Enjoys swimming, fishing, camping, ski-dooing.

Arena would like to see New Liskeard keep the two arenas, feels that there is a need for more ice time for things like hockey, says sometimes there is only a half hour alloted for a junior team, by the time the get all their equipment on they need more than a half hour of play.

Track would like tosee some type of track for young men who like to try out their cars speed wise etc, feels that this would be a good thing and would keep them off the road, not as dangerous.

Sports complex would like to see a swimming pool, bowling alley,

type of sports complex, he feels that this should be a Tri-town effort.

There are not many dances for people in his age group, feels that you have to make your own fun, if you don't all there is to do is drive around or go to a restraunt or a show.

Shopping feels there is good shopping in New Liskeard, says you can get everything you really want.

Beaches good beaches locally but they are not clean enough.

Travel would like to travel if he gets the oportunity.

Organization like to see club interested in airplanes.

Tourists feels that people who are interested in hunting, fishing, out door things in his age group would be interested in coming to the area, other than this type of thing there would be little for them to do.

He seems to feel that this is a good place to live, likes the towns, his family has lived here for sometime I gather, he says that some of his friends have gone away to school, but on the whole seems happy with the area.
